C.E. Primary School

Courage to Flourish *in the Love of God* ♥

Our School Improvement Plan 2026 – 2027

Working together to help every child flourish

At St Michael's, our Christian vision shapes everything we do. Our School Improvement Plan sets out **five key priorities** for the year ahead. These priorities will help us make our school even better for every child – academically, socially and spiritually.

1

Excellent Attendance for Every Pupil

We are strengthening our attendance systems and working closely with families so every child attends regularly and arrives on time.

2

Inclusive Practice that Lasts

We will keep building our inclusive culture and adaptive teaching so that every child, including those with SEND, can learn, make progress and feel they belong.

3

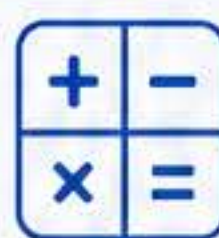

Strong Foundations in Reading, Writing and Oracy

We will embed our Strong Foundations approach to ensure all children become confident readers, clear communicators and successful writers.

4

Strong Mathematics

We will continue to deliver high-quality maths teaching so children build fluency, reasoning and problem-solving skills and achieve highly.

5

Ambitious, Coherent Curriculum rooted in Christian Values

We will refine our curriculum so children develop knowledge, understanding and character, and are ready for the next stage of their lives.

What we will do

- ✓ Embed strong systems and early support to improve attendance
- ✓ Provide targeted support for vulnerable pupils and those with SEND
- ✓ Embed our Attendance Curriculum and a culture of high expectations
- ✓ Sustain high-quality adaptive teaching and communication-friendly practice
- ✓ Use Evidence for Learning to track progress and plan next steps
- ✓ Work closely with families and external specialists
- ✓ Embed the Strong Foundations Framework across reading, writing, oracy, executive function and mathematics
- ✓ Provide high-quality CPD, coaching and mentoring for all staff
- ✓ Support new staff and students to embed our approaches

The difference we want to see

- ✓ More children attending school regularly and on time
- ✓ Less persistent absence and fewer U codes
- ✓ All children, including those with SEND, making strong progress
- ✓ Children becoming confident readers, communicators, writers and mathematicians
- ✓ A rich, ambitious curriculum that helps children flourish in the love of God and in life

For Parents and Families

You are our partners in your child's success. Your support with attendance, reading, learning and wellbeing makes a real difference. Thank you for being part of our St Michael's family.

Clothed in **LOVE** (Colossians 3:14)

We are a united family of schools serving our communities and helping **ALL** to flourish.
